

Substation Projects (Partial List)

Ash Creek	Oklahoma Texas	34.5/345kV	408.85MVA	Electrical and Structural Engineering	2024
Signal Ranch	Texas	34.5/138kV	60MVA	Electrical and Structural Engineering	2024
Azalea	California	34.5/6kV	78MVA	Electrical and Structural Engineering,	2024
El Dorado	Illinois	34.5/138kV	360MVA	Electrical and Structural Engineering	2024
Kiowa	Oklahoma	34.5/138kV	100MVA	Electrical and Structural Engineering	2023
Long Lake	Arkansas	34.5/230kV	200MVA	Electrical and Structural Engineering	2023
Show Me State	Missouri	34.5/345kV	250MVA	Electrical and Structural Engineering	2023
Bottleneck	California	34.5/69kV	80MVA	Electrical and Structural Engineering	2022
Superstition	Arizona	34.5/230kV	90MVA	Electrical and Structural Engineering	2022
Vikings	California	34.5/230kV	129.6MVA	Electrical and Structural Engineering	2022
Wildflower	Mississippi	34.5/230kV	100MVA	Electrical and Structural Engineering,	2022
Solar Blue	California	34.5/230kV	250MVA	Electrical and Structural Engineering	2022
Chestnut	California	34.5/230kV	150MVA	Electrical and Structural Engineering	2022
Big Plain	Ohio	34.5/138kV	196MVA	Electrical and Structural Engineering	2022
Clearway	California	34.5/240kV	800MVA	Electrical and Structural Engineering	2022
Steel	Utah	34.5/138kV	86.4MVA	Electrical and Structural Engineering	2022
Rocket	Utah	34.5/138kV	86.4MVA	Electrical and Structural Engineering	2021
Castle	Utah	34.5/69kV	46.8MVA	Electrical and Structural Engineering	2021
Elektron	Utah	34.5/138kV	86.4MVA	Electrical and Structural Engineering	2021
Brazoria County	Texas	34.5/138kV	226.8MVA	Electrical and Structural Engineering	2021
Sandy Branch	Texas	34.5/138kV	151.2MVA	Electrical and Structural Engineering	2021
Brazoria West	Texas	34.5/138kV	227.16MVA	Electrical and Structural Engineering	2021
Muscle Shoals	Alabama	34.5/161kV	252.4MVA	Electrical and Structural Engineering	2020

Substation Projects (Partial List)

Stony Knoll	North Carolina	34.5/115kV	32MVA	Electrical and Structural Engineering	2020
Speedway	North Carolina	34.5/44kV	32MVA	Electrical and Structural Engineering	2020
Broad River	North Carolina	34.5/115kV	57MVA	Electrical and Structural Engineering	2020
Aquamarine	California	34.5/230kV	320MVA	Electrical and Structural Engineering	2020
Elara	Texas	34.5/138kV	144.45MVA	Electrical and Structural Engineering	2020
Pioneer	Colorado	34.5/115kV	88.8MVA	Electrical and Structural Engineering	2019
Taygete 1	Texas	34.5/138kV	277.2MVA	Electrical and Structural Engineering	2019
Taygete 2	Texas	34.5/138kV	277.2MVA	Electrical and Structural Engineering	2019
Central 40	California	34.5/115kV	52.2MVA	Electrical and Structural Engineering	2019
Prairie wolf	Illinois	34.5/138kV	250MVA	Electrical and Structural Engineering	2019
Drew	California	34.5/230kV	110MVA	Electrical and Structural Engineering	2019
Hunter	Utah	34.5/138kV	110MVA	Electrical and Structural Engineering	2019
Garret Substation	Oregon	34.5/115kV	11.25MVA	Electrical and Structural Engineering	2018
Riverhead	New York	34.5/138kV	22.2MVA	Electrical and Structural Engineering	2018
Bonnie Mine	Florida	34.5/69kV	41.67MVA	Electrical and Structural Engineering	2018
Lakeview Airport	Oregon	34.5/115kV	52.5MVA	Electrical and Structural Engineering	2018
Lapetus	Texas	34.5/138kV	111MVA	Electrical and Structural Engineering	2018
Chestnut	North Carolina	34.5/115kV	85MVA	Electrical and Structural Engineering	2017
Bly	Oregon	34.5/69kV	12.5MVA	Electrical and Structural Engineering	2017
Mount Signal 2	California	34.5/230kV	165MVA	Electrical and Structural Engineering	2017
Redwood 4	California	34.5/115kV	22.2MVA	Electrical and Structural Engineering	2017
Gray Hawk	Arizona	34.5/69kV	80MVA	Electrical and Structural Engineering	2016
Alabama	Alabama	34.5/115kV	90MVA	Electrical and Structural Engineering	2016
